Install the Canvas Parent App

The Canvas Parent App enhances the potential for parents to engage in their children's education. Parents can review upcoming or past assignments, check on grades, and receive course announcements.

The Canvas Parent App can be used by anyone who creates a parent account. In order to connect a parent account to their student, a parent must enter a “pairing code” that be created by their student or one of their teachers.

Parents can use the Canvas Parent app on all iOS and Android devices. For additional information, view the Canvas Parent Android Guide and the Canvas Parent iOS Guide.

- The Courses tab displays the list of courses where their students are enrolled.
- For each course, parents can see course grades, the syllabus, and assignments and events.
- Grades display according to the course grading scheme.

How do I log in to the Canvas Parent app on my Mobile device?

In the Canvas Parent app, you can create and log in with a Parent app account or with Canvas observer credentials to view student course information.

Open your device and tap the Canvas Parent icon.

Find my school

We've made a few changes. See what's new.

Click on Find my school and search for: San Mateo Union High School.
Click on the “Create Account” link.

Enter your name in the Your Name field [1] and email address in the Your Email field [2]. Create a new password by entering it in the Password field [3]. Confirm your new password in the Re-enter Password field [4].
Enter Pairing Code

Enter the six-digit alphanumeric pairing code for the student you want to link to in the Student Pairing Code field.

Note: Students can generate pairing codes from their User Settings. Teachers can also generate pairing codes.

In Global Navigation, click the Account link [1], then click the Settings link [2].
Click the **Pair with Observer** button.

Copy the six-digit alphanumeric pairing code [1]. You will need to share the code with the observer who will link to your account. The pairing code will expire after 24 hours or its first use.

To close the window, click the **OK** button [2].
How do I use the Canvas Parent app on my Android device?

The Canvas Parent app lets you view a student’s course events, upcoming assignments, and grades. You can also add and view multiple students in your account.

Note: The Canvas Parent app uses your device’s settings to set the time zone used within the app.

In the Canvas Parent app, you can view app settings [1], select a student [2], and view the student's courses [3], the student's weekly calendar [4], and alerts about the student's course participation [5].

From the Settings icon, you can view the students you are following, add alerts, add students, access help, and logout.
The Week page displays a calendar of assignments and events for a given week. Learn how to view the calendar.

The Alerts page displays grade and assignment alerts. Learn how to view alerts.
