- Increase their awareness of causes for suspension
- Improve their decision-making skills to avoid further suspensions.
- Identify supportive school staff to encourage a supportive reentry to campus.
- Create a plan (tutoring, after school program, mentor, counseling, etc.) to increase school attendance, decrease disciplinary incidents, and increase overall success in school.

The day will include scheduled activities giving students an opportunity to address the disciplinary incident that caused the suspension and reflect on their educational progress and engagement in school.

Behavior Expectations:
- Use of electronic devices is prohibited during program hours.
- Participation is required.
- Incident discussed during the program remain confidential.
- Treat others as you would like to be treated.
