Kirk Black, Ed.D., Deputy Superintendent Human Resources & Student Services

Julia Kempkey, Ed.D., Assistant Superintendent of Curriculum & Instruction

IMMUNIZATION REQUIREMENTS FOR STUDENTS ATTENDING SCHOOL IN THE SAN MATEO UNION HIGH SCHOOL DISTRICT

Starting July 1, 2019

In order to complete enrollment procedures and to attend classes, each student must have an immunization record from a health care provider on file in the Health Office documenting the dates (month/day/year) that the following vaccines were given:

Diphtheria, Tetanus, and Pertussis (DTaP, DTP, Tdap, or Td) - 5 doses

4 doses OK if one was given on or after 4th birthday.

3 doses OK if one was given on or after 7th birthday.

For 7th-12th graders, at least 1 dose of pertussis-containing vaccine (Tdap) is required on or after 7th birthday

Polio (OPV or IPV) -- 4 doses

3 doses OK if one was given on or after 4th birthday

Measles, Mumps, and Rubella (MMR)--2 doses

Hepatitis B --3 doses

Varicella (Chickenpox)--2 doses

Students coming to the SMUHSD from outside the U.S. are required to provide proof of the above immunizations prior to starting class.

Students transferring to the District from another school in the U.S. are generally given 30 days for their prior school to transfer proof of immunization. **If proof of immunization is not received from the prior school within 30 days, the parent/guardian will be asked to provide proof of the above immunizations.**

If you have questions regarding immunization requirements or need an immunization provider, please contact the Health Office at your student's school.
